## Flat Cover

Available in all pan sizes.

## Cover with Handle

Deep molded handle provides secure grip and also includes a peg hole for sanitary drying. Available in black to help block light, reducing discoloration of meats and cheeses.

## Notched Cover with Handle

Notched cover allows utensils to remain in pan and off of potentially contaminated counters. Includes peg hole for sanitary drying.

## Seal Cover

Designed to fit Camwear and translucent food pans, Seal Covers feature an inner seal that provides superior spill resistance and extends shelf life up to 3 days.

## FlipLid®

Flip up lid to easily access contents. Food can be held without getting dried out, increasing yields. Reduces points of cross contamination.

## Notched FlipLid

FlipLid with notch to rest spoon in contents with lid closed.

## GripLid®

Molded-in polyurethane gasket on the lid grips the side of the food pan airtight, reducing spills and points of cross contamination.
