

StemShine GP-8

COMMERCIAL STEMWARE DRYER/POLISHER

Product Description:

The Campus Products Stemshine™ was designed with the restaurant operator in mind. Eight high spinning soft polishing brushes aided by a heated fan assists the operator in producing gleaming shiny stemware. Easily capable of drying and polishing six to eight times the human equivalent the Stemshine™ provides labor savings in addition to higher quality results.

The Stemshine™ is designed to function as a permanent fixture, yet is light enough to be moved around any facility on a “where needed” basis. Drawing only 13 amps, and weighing in at 65 lbs makes the Stemshine™ completely portable. High quality polishing, fast drying, brilliant shine all equates to a positive reflection.

Performance Features:

- High speed powerful fan to assist in drying action
- Plug-and-Play ability on any 15 amp. circuit
- Light enough to move about any facility
- Low profile, eight brush system, suitable for 2 item simultaneous production
- High stainless shroud focuses air flow
- Simple one button On/Off control
- Easy to remove/clean gentle polishing brushes color coded for simplicity
- In normal use brushes should last 12 to 18 months
- Quiet, vibration free

Construction Features:

- Heavy-duty Stainless-Steel exterior with polished finish to withstand tough kitchen environments
- Solid steel frame on constructed sub frame for years of use
- Easy access fuse assembly
- Durable fan motor with separate heating element for ease of replacement
- Long life drive belts
- “Fall-thru” construction for any debris

Included Accessories:

- Eight (8) color coded soft easy to replace/clean polishing brushes
- Dust cover for down times
- Operations/maintenance manual

Replacement Items:

- Additional polishing brushes
